2023 Animal Health Rules for Fairs and Shows

Special Note: Due to the continuing US outbreak of High Path Avian Influenza (HPAI), Animal Health Officials from all six New England States may recommend postponing competitions, exhibitions, shows, swaps, or other in-person events encouraging the gathering or comingling of domestic fowl or poultry. If events are held, best practices for biosecurity should be implemented.

In addition to complying with all laws and regulations governing animal health issues all fairs must adopt and enforce the following rules for governance for the fair.

NO animal will be admitted to the fairgrounds unless it meets the requirements below. NO animal is to be unloaded or enter a barn or tie-out stall until the animal and its paperwork have been inspected and approved for entry.

A. General Rules for All Animals: See M.G.L. c. 128 §2C, 129 §2

1. All animals must be in proper physical condition, be properly identified and free of visual evidence of infectious, contagious or parasitic disease at time of arrival. Specific diseases and conditions which will disqualify an animal for entry are identified for each species in the following sections of the rules. Animals of any species with open or draining wounds will not be approved for entry.
2. Evidence of infectious, contagious or parasitic disease or failure to produce the necessary documents for health certification, vaccination or testing will result in the animal's rejection for entry. **THE INSPECTOR'S DECISION IS FINAL.**
3. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly-licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
4. **Official ID: See Final Rule: Summary of Traceability for Livestock Moved Interstate (Summary of general requirements by species)**

All livestock must have proper official, individual ID as required and approved for the species, e.g., official metal ear tag, tattoo, scrapie tag, or microchip. Registration forms must accompany health certificates when used as part of official identification.

5. Health Certificates: --

One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and *VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.** Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements.

For the 2023 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:

- a. **MA, and RI:** OCVIs issued on or after **January 1, 2023** may be used for those animals being shown at multiple fairs and shows in CT, **MA**, and RI through the 2023 show/fair season ending October 31, 2023.
 - i. **CT and ME:** *An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture (860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.*
 - ii. **MA -Note: The Big E Fairgrounds** in West Springfield requires a CVI issued within the prior 30 days for all **horses** entering the premises for any show, fair, or exhibition.
 - iii. **NH: * * NH:** To qualify for the extended CVI, animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2023 to participating NH fairs and shows from **July 1 to October 31. The extended CVI is not available for animals that do not reside in New England.** *Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.*
 - iv. *****VT:** *Contact the VT Animal Health Office (802-828-2421) for specific import requirements that deviate from the general information in this letter and must be met for legal import of livestock.*
- b. A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited. *MA animals being shown ONLY in MA may substitute a signed, dated letter on the letterhead of an accredited veterinarian for an OCVI if all required information is included and all additional requirements are met.*
- c. Multiple animals of the same species may be listed on one health certificate with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- d. **An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.**
 - i. **A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.**
 - ii. That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
- e. The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- f. Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
- g. Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2023 for health reasons it must have a new health certificate issued by an accredited veterinarian within 30 days of the next interstate movement.
- h. Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

All petting zoos are required to have a USDA APHIS Exhibitor's License (as needed) and valid 2023 health certificates.

ADDITIONAL REQUIREMENTS FOR EACH SPECIES ARE LISTED BELOW

B. Cattle: See M.G.L. c. 129 §§2, 39 and 330 CMR 4.04(2).

1. **TB and Brucellosis testing is not required for animals from TB-Accredited and Brucellosis-Free States** and in-state animals. Current brucellosis and TB status in the exhibitor's state can be obtained from the state veterinarian's office in each state. If the exhibitor's state is not TB-Accredited or Brucellosis-Free, then the exhibitor must call the Massachusetts Division of Animal Health for entry requirements (617-626-1795). All animals must be free of visual evidence of the following diseases and conditions: foot rot, mange, pinkeye, ringworm, warts, cowpox and open or draining wounds.
2. While not required, it is strongly recommended that all cattle be currently vaccinated for rabies.
3. Note: ***The Big E is requiring RFID official identification tags for all cattle entering the Big E Fairgrounds premises in 2023. Other fairs may add this requirement. Contact fair office with questions.***

C. Poultry: See M.G.L. c. §§2, 129, and 330 CMR 5.02.

1. No poultry will be admitted to a fairground until it has been individually inspected.
2. All poultry must be free of visual evidence of the following diseases: infectious bronchitis, coryza, pullorum-typhoid, fowl-pox, external parasites and laryngotracheitis.
3. Each bird must be accompanied by written proof (ID card or test report) that the breeding flock was blood-tested negative for pullorum-typhoid within one year prior to entry date.
4. Birds from quarantined states will not be permitted entry.
5. All birds over 16 weeks of age as of January 1, 2023 shall be individually leg banded with a state leg band. This includes out of state exhibitors.
6. No bird vaccinated for laryngotracheitis within thirty days of the fair will be admitted.

D. Goats: See M.G.L. c. 129 §2, 9 CFR 79.6 and Massachusetts Emergency Order 1-AHO-06.

1. **TB and Brucellosis testing is not required for animals from TB-Accredited and Brucellosis-Free States** and in-state animals.
2. All goats and kids presented, regardless of age, must be individually listed and identified on the health certificate. All goats must be free of visual evidence of the following diseases and conditions: foot rot, mange, pinkeye, ringworm, warts, pox and open or draining wounds. All goats must also be free of sore mouth and scrapie exposure.
3. Based on the Federal Scrapie Eradication Program (FSEP), goats and sheep of any age or sex brought to show or exhibition from either out of state or within state must possess a USDA official individual identification tag or registry tattoo accompanied by current registration papers consistent with the requirements of the FSEP and the Massachusetts Emergency Order 1-AHO-06. Information is available from USDA-APHIS at 508-363-2290.

E. Camelids (Llamas, Alpacas, etc.): See M.G.L. c. 129 §2, M.G. I. c. 131, §23, 321 CMR 9.02.

1. **TB and Brucellosis testing is not required for animals from TB-Accredited and Brucellosis-Free States** and in-state animals. Current brucellosis and TB status in the exhibitor's state can be obtained from the state veterinarian's office in each state. If the exhibitor's state is not TB-Accredited or Brucellosis-Free, then the exhibitor must call the Massachusetts Division of Animal Health for entry requirements (617-626-1795).
2. All Camelids originating from outside the Commonwealth are required to be tested for Blue Tongue. Exception: Animals from a USDA declared "Low Incident State" are exempt. New England and New York are low incident states.
3. All animals must be free of visual evidence of the following diseases and conditions: foot rot, mange, pinkeye, ringworm, warts, pox and open or draining wounds.

F. Swine: See M.G.L. c. 129 §14E, 330 CMR 11.04(2), 9 CFR 71.19

1. All swine must be identified by an official ear tag or registration.
2. Swine must be free of visual evidence of the following diseases and conditions: erysipelas, atrophic rhinitis, mange and open or draining wounds.
3. No person shall import into Massachusetts from outside the state any swine which have been pseudorabies vaccinated. M.G.L. c. 129 §14E.
4. No person shall import into Massachusetts swine from Stage I or Stage II Pseudorabies States.
5. All swine shall originate from qualified pseudorabies-free herds or monitored herds in qualified pseudorabies free States only. The pseudorabies status of the exhibitor's state can be obtained from the state veterinarian's office in each state.

G. Sheep: See 9 CFR 79 and Massachusetts Emergency Order 1-AHO-06.

1. No sheep will be allowed entry from flocks in which Scrapie has been diagnosed or in which animals are under surveillance for Scrapie during the previous eighteen months. Based on the Federal Scrapie Eradication Program (FSEP), goats and sheep of any age or sex brought to show or exhibition from either out of state or within state must possess a USDA official individual identification tag or registry tattoo accompanied by current registration papers consistent with the requirements of the FSEP and the Massachusetts Emergency Order 1-AHO-06. Information is available from USDA-APHIS at 508-363-2290.
2. No sheep will be permitted entry from flocks in which soremouth has existed or in which soremouth Vaccine has been administered in the previous sixty (60) days.
3. Sheep must be free from visual evidence of foot rot, sore mouth, pink eye, ringworm, and open and draining wounds. While not required, it is strongly recommended that sheep be currently vaccinated against rabies.

H. Equine: M.G.L. c. 128 §§2C, 44 , 330 CMR 16.05.

1. All equines entering a Massachusetts fairground must have a valid health certificate.
Note: The Big E Fairgrounds in West Springfield requires a CVI issued within the prior 30 days for all equines entering the premises for any show, fair, or exhibition.
2. All equines must be free of visual evidence of the following diseases and conditions: mange, ringworm, soring, strangles, and open or draining wounds.
3. All equines originating from within and outside of the Commonwealth must have a negative USDA-approved EIA test (i.e., Coggins test or ELISA test) dated within twelve months of entry.
4. While not required, it is *strongly recommended* that all equines be vaccinated for rabies, tetanus, EEE and WNV within one year of the fair.

I. Rabbits: See M.G.L. c. 129 §2

Rabbits must be free of visual evidence of the following diseases: rabbit hemorrhagic Disease Virus 2 (RHDV2), snuffles, wet tail, and skin and ear infections. Microchips may be used for ID in rabbits originating in MA.

J. Dogs and Cats: See M.G.L. c. 129 §39G

1. All dogs and cats must be free of visual evidence of the following diseases: kennel cough, distemper, hepatitis, parvo, ringworm and mange.
2. All dogs and cats must be accompanied by a valid and current vaccination certificate for rabies.

Contact the Massachusetts Division of Animal Health at 617-626-1797 or 617-626-1795 for further information.
